Custom Dried Corn

Corn dried & hauled out during the harvest season will be assessed a handling charge of .20 cts per dry bushel if it is hauled out within 10 days of each ticket's delivery date. Any custom dried corn that remains at the elevator after 10 days will be placed in storage with the minimum storage fee of 17 cents per bushel covering the first 123 days. Custom dried corn will be tested both in & out and moisture & shrink will be based on adjustment to 15% moisture. *Only available when capacity allows.*

Aflatoxin	Any strip test over 20 ppb = \$7.00 per test
	Any strip test over 20 ppb = -.50 per bushel
	Buyer reserves the right to reject
